Parents At Work in our School

October 4, 2017

# Supervision

- If you would like to work with kids (with a staff member present), you must have a background check completed through our main office. This must be done every year and takes about a week to be cleared.
  - Each school year the district would like for all volunteers to submit a background check but only process the background check every 3 years.
- If you would like to work with kids without a staff member being present, you must be finger printed.
